FOR IMMEDIATE RELEASE:

BarbaraCares Affirms Uninterrupted Support for Breast Cancer Patients Amid Anticipated Government Shutdown

Fort Worth, TX — September 27, 2025 — As the nation prepares for the likely government shutdown scheduled to begin on October 1, 2025, BarbaraCares reaffirms its unwavering commitment to continuing all outreach, advocacy, and patient support services without interruption.

October 1st not only marks the potential start of a shutdown, but also the beginning of Breast Cancer Awareness Month, a critical season for our organization and the communities we serve. This is a time when awareness, screenings, and lifesaving resources are needed most.

While shutdowns create uncertainty across the nonprofit and private sector, we want our patients and families to know there will be no delay in services, outreach, or engagement as a result. Whether there is a shutdown or not, BarbaraCares stands ready to serve the community in need.

Government shutdowns often create a ripple effect that trickles down to nonprofits, limiting access to funding, partnerships, and essential resources. Yet BarbaraCares remains steadfast in its mission: to fuel hope, provide care, and be a dependable lifeline for individuals battling breast cancer and the families walking alongside them. Breast cancer doesn't pause, and neither will we!

During these fluid and challenging times, BarbaraCares will continue to be a source of hope, stability, and strength for our community. BarbaraCares encourages the public to remain engaged during Breast Cancer Awareness Month by supporting local outreach initiatives, attending community events, and helping amplify the message of early detection and patient support.

For more information on BarbaraCares programs, upcoming events, and ways to get involved, please visit www.BarbaraCaresForYou.org.

Yours in Service,
Xavier Sanders – *Executive Director*
