Xavier Sanders
Executive Director
Barbara Cares
PO Box 15007
Fort Worth, TX 76119

Dear Mr. Sanders,

Texas Health Resources Wellness for Life-Mobile Health Program is delighted to express support to you for the funding that you are requesting. Over the past several years, women in need throughout the Greater DFW area have benefited through our collaboration.

Our partnership ensures low-income, uninsured women access to screening and diagnostic services for breast cancer. Our collaboration enables a continuum of care for women who would otherwise forego vital services due to a lack of financial resources and/or transportation barriers to care. The feedback we receive from the community regarding this effort speaks clearly regarding both the need and support for the continuation of this key partnership.

Together we are making a difference in the fight against breast cancer.

Sincerely,

Lisa Rose
